

STILL HELD AT BAY.

No Cholera Allowed to Get on Land.

THE WELL STILL QUARANTINED.

An Armed and Legal Resistance Prevents the Landing of the Relief Steamer Cepheus at Fire Island—The State Troops May Yet Have to Be Called Out.

NEW YORK, Sept. 13.—The council for the authorities of the town of Islip went before Judge Barnard Monday morning and obtained an injunction against Governor Flower, Health Officer Jenkins and those in command of the steamer Stonington, to prevent them from transferring any quarantined passengers or baggage to Fire Island, or any other place in the town of Islip, L. I. The defendants are to show cause on Thursday why this injunction should not be made permanent.

The complaint in the action sets forth the purchase of the Surf hotel and island from Mr. Sammis for the use and shelter of cabin passengers from vessels detained at quarantine. It also sets forth by the laws the jurisdiction of the health officer of New York is limited to the waters of the port of New York, and that he is prohibited by law from establishing anything on the shores for the reception of passengers coming from infected vessels.

It is stated that this question was decided in the supreme court in the case of Seguin against Schuttz, in 1868, when the health officer was prevented from establishing the station on Staten Island for the temporary reception of people detained at quarantine by reason of the presence of cholera.

The authorities of the town of Islip do not recognize the authority of the governor or of the health officer to land passengers or to establish a quarantine station at this point. They claim that it will ruin the oyster and clam fishing, and throw hundreds of people out of employment, and that it will ruin the whole of the south side of Long Island as a summer resort.

The affidavits submitted in the case were supported by certificates from physicians declaring that the health of the people in that section of Long Island would be jeopardized by the establishment of a quarantine station.

The application for an injunction was made by Lawyers Fishell and Reed, of Babylon, and Judge Wilmet M. Smith. Arguments in the case will be heard on Thursday next.

An Armed Resistance.

More than a hundred south bay cat-boats, sharpies, sloops and other small boats, each with ten or more men on board were under way at daybreak yesterday morning and sailing from all points in the great south bay toward Fire Island. In all the boats every man who had or could borrow a gun or pistol brought it with him and the entire flotilla carried perhaps a thousand armed men. Of these 500 or 600 came from Patchogue, Sayville and the country near them, 250 from Bay Shore and perhaps as many from Babylon.

Every man on board a boat was a bay man or a sympathizer and fully determined to prevent by force, if necessary, the landing of the quarantined cabin passengers on Fire Island.

In Bay Shore the feeling stands at fever heat and loud threats are heard of treating Landlord Sammis, who sold the Surf hotel to the state authorities for a refuge, to a coat of tar and feathers.

At Babylon almost everybody in the village is armed and will resist any invasion. Justice of the Peace James S. Cooper says that the hotel and all its surroundings will be burned to the ground if a landing is attempted.

Governor Flower on the Scene.

Governor Flower arrived at the Windsor hotel here at 8:30 o'clock in the morning. Immediately on arriving he began his investigation of the cholera troubles, particularly the situation at Fire Island.

Governor Flower before he was aware of the issuance of a writ by Judge Barnard, issued a proclamation directing the sheriff of Suffolk county to use all his power to resist any attempted interference with the lawful exercise of state authority in taking possession of Fire Island. All persons are warned against illegal interference with the use of Fire Island as a quarantine station. In an interview Governor Flower said Judge Barnard's writ would have no effect. "We shall land the passengers at Fire Island. I issued my proclamation early this morning, several hours, in fact, before the injunction was issued. At all hazards the passengers shall be landed there."

Second Attempt to Land.

After lying all night beside steamer Stonington the steamer Cepheus steamed up and passed out of Sandy Hook point at 10:42 a. m., heading again for Fire Island.

At 2:15 in the afternoon the Cepheus with the Normannia's passengers was seen heading for Fire Island inlet. The news that the Cepheus was again on her way to Fire Island with passengers from the cholera infected ships caused the most intense excitement among the natives, and they declared that they would burn the place if any attempt was made to land the passengers. They say they are not afraid of the force of police who have been put on board the Cepheus to enforce the orders of Dr. Jenkins.

The steamer could not make a landing and was finally compelled to anchor in the channel opposite the Surf hotel. Two attempts were made to tie up at the dock, but each one proved unsuccessful.

An Appeal in Vain.

After the Cepheus came to anchor two police officers rowed to the landing and asked that a letter be taken to Dr.

Wright. The mob refused to allow the letter to come ashore and drove the police officers off with threats. As it was getting dark and no satisfactory answer had arrived from the first boat, a second boat put off from the steamer, rowed by two police. In the stern stood a tall, gray haired man, Robert Thompson. As he approached the landing the mob gathered threateningly. He asked to be heard in behalf of the 200 women and children on the steamer, who were suffering from hunger, exposure and exhaustion.

After several minutes of insulting retorts by the mob he was allowed to speak. He said the men on the steamer did not ask to land, the young women would remain if necessary, but the old women, some of them grandmothers, and the children suffering, not for comforts, but for decent care, should be allowed to land. They would be returned to the steamer after a night's rest and one meal. He was answered by Attorney Reid that if the steamer captain would come ashore the people for whom he spoke would consider the request. Mr. Thompson returned to the steamer after saying he would attempt to bring the captain back with him.

It was dark, except for the light of the stars, when the boat was seen pulling back to the landing again. When the boat almost touched the landing a tall, spare figure was seen standing in the bow.

"It is Senator McPherson, of New Jersey," called out Mr. Thompson, who was still in the stern.

Sonator McPherson stood silent for some moments looking at the mob.

"Citizens," said the senator at last, "the captain declines to come ashore. If you will give me your injunction papers, I give you my word of honor, I will give them to him, and he will accept them as legally served."

Attorney Reid simply replied that the captain must come ashore.

"If we can bring him ashore will you agree to let these suffering, innocent, helpless people land?"

"They can not land," yelled the mob.

The senator turned his face up to the mob, and in an impressive voice said:

"I appeal to you, men, in the name of God, not to be longer led into heartless cruelty by this attorney, but to give your consent that these women and children can be taken from this boat; where they have nothing to eat; no place to sleep; where the common decencies of life can not be longer observed; where their surroundings are foul from sea sickness. Wait before you answer; think what you will be doing; remember your own wives and children; be manly; do not bring an everlasting disgrace upon your names; be men."

It did not seem as if human beings capable of understanding the language in which they were being addressed, could withstand the appeal, but the crowd stood there, sullen and silent, while the lawyer said:

"They can not land, if we permit them we will give away our case."

"They can not land," the mob chimed in.

When the boat was rowed back to the steamer, the newspaper men, who had listened to this, at once went to every member of the Islip health board who was present and begged that this horrible crime be not committed.

At 8:30 o'clock a meeting of the board was held and a resolution was passed that if Dr. Vought would go with Lawyer Reid to the steamer and see that the injunction papers were served, the board would allow food and blankets to be taken aboard. Dr. Vought was made to promise that if this was allowed, no attempt would be made to land passengers.

The excitement did not abate in the slightest degree after the Cepheus had withdrawn to the stream. The crowd remained on the dock muttering threats and swearing that the people on the excursion vessel could not before they would be allowed to land.

Dr. Jenkins has sent Commissioner Allen on the cutter State of New York for Bourke Cochran to give legal advice as to Judge Barnard's injunction.

Dr. Jenkins has also informed Governor Flower by telegraph that the steamer Cepheus is anchored in Fire Island inlet and that 300 armed men opposed the landing of the passengers, and suggesting the calling out of the militia. He also ordered a meal prepared at the hotel to be delivered on board the Cepheus for the passengers.

Orders from the Governor.

At 10:30 last night the following telegram passed over the wires:

Albert M. Darling, Sheriff of Suffolk county:

Guard the property of the state and see that the hotel furnishes food to the passengers of the Cepheus. Summon all good citizens to aid you. Those passengers are in want of food. There is no danger from cholera. The only danger is that they may be driven to distraction. Appeal to the manhood of the people; I know they will aid you; they are human. Plenty of relief will arrive tomorrow.

ROSWELL P. FLOWER.

Arrival of the Alaska.

The steamship Alaska arrived in quarantine at 2:45 p. m. She brings 478 cabin and no storage passengers. All are well on board. On Sept. 7 her high pressure engine valve gave out, and the vessel laid to for twelve hours.

Refused to Carry Immigrants.

A movement to prevent immigrants destined for other states from leaving this city is on foot. It looks as though immigrants landed at Ellis Island would be obliged to remain in New York, as the railroad and steamboat lines have begun to refuse taking them over their routes.

A large number of immigrants westward bound went to the Grand Central depot Saturday night. They were informed that they could not be taken, when they returned to Ellis Island. Yesterday they succeeded in getting passage over the Pennsylvania road. Some of the lines which have refused to take immigrants are the Baltimore and Ohio, the Erie, Ontario and Western, Delaware, Lackawanna and West-

ern, the Old Dominion steamship line, the Norwich steamboat line and the Hartford steamboat line. Those lines refuse immigrants because various states will not allow them to enter their territory without a medical certificate from the immigration authorities here.

No New Cases.

Dr. Jenkins stated to the United Press last night that there had been no suspects or new cases on board the detained vessels during the past twenty-four hours.

ONLY A SCARE.

No Asiatic Cholera Existing at Jeannette, Pennsylvania.

PITTSBURG, Sept. 13.—A United Press representative has just returned from Jeannette, where it was reported that a well defined case of Asiatic cholera had developed and claimed its victim yesterday afternoon. The reporter found much excitement in the foreigners' quarters of the town and much indignation among the citizens in general, but no cholera. Among the recent arrivals of the Belgium glass workers were Peter Leroy and wife, each about fifty-five years of age. They had recently sailed from Antwerp. Last Friday Mrs. Leroy was taken suddenly ill, and not until yesterday was she able to be out of her bed.

Dr. Hugh Henry, who attended the woman, informed the reporter that his patient had passed through a severe attack of cholera morbus, but was now certain of recovery. How the cholera scare got abroad the physician could not say, unless it was through the ignorance or misunderstanding of the interpreter.

Greensburg evening papers printed a story to the effect that seven deaths had already occurred at Jeannette. This unfounded publication has created intense excitement, and in Jeannette, equal indignation.

Preparing for Cholera in Chicago.

CHICAGO, Sept. 13.—The city department of health yesterday morning made arrangements for the erection of a number of tents in the different divisions of the city for the accommodation of cholera patients should the dread disease break out here. For fear of objections on the part of residents in the neighborhoods selected, the exact location of the tents will not be made public until the emergency arises.

Abating in Hamburg.

HAMBURG, Sept. 13.—If confidence is to be placed in official reports, the disease continues to abate. It is stated that the number of deaths yesterday was 110, and there were 404 now cases.

ELECTION IN MAINE.

Republicans Elect Their Governor by About 11,000 Majority.

PORTLAND, Me., Sept. 13.—The state elections for the choice of the four congressmen and members of the legislature occurred yesterday under the Australian ballot law, and as far as learned, everybody appears satisfied with the working of the system. In 1888 the Republicans had a plurality in the state of 18,053 for governor and in 1890 their plurality was 18,899. Comparison this year will be made with the vote of the latter year.

One hundred and seventy seven towns gives Cleaves, Republican, 40,443; Johnson, Democrat, 33,135; Hussey, Prohibitionist, 949; scattering, which includes labor and Prohibition votes, 928. In 1890 the same towns gave Burleigh, Republican, 37,908; Thompson, Democrat, 25,639; Clark, Prohibitionist, 1,540; scattering, 773. Republican plurality, 7,308, against 12,279 in 1890.

If the vote to hear from comes in at the same ratio of gain the total vote will be about, Republican, 65,500, Democratic, 53,500, or 10,000 Republican plurality.

Dispatch Sent to Headquarters.

AUGUSTA, Me., Sept. 13.—The following dispatch explains itself:

AUGUSTA, Me., Sept. 12. To Hon. Thomas Carter, Chairman of the Republican National Committee, 518 Fifth Avenue, New York:

The total vote will be 12,000 less than in 1888. We elect all four congressmen, carry fourteen of the sixteen counties, have two-thirds of the members of the legislature, and elect our governor by 11,000 majority over the Democratic candidate.

J. H. MANLEY.

MAGNIFICENT ROGUES,

Those Fellows Who Took a Hundred Thousand.

KANSAS CITY, Sept. 13.—The great Lombard Investment company, of Boston, Philadelphia, London, New York and Kansas City, is at present out \$100,000 by the stealings of its auditor, Montgomery H. Lewis, and its treasurer, H. W. Lee Russell. The investigation progresses, and more shortage is looked for. Lewis and Russell are now in the City of Mexico, supposedly on business.

Lewis, as auditor, had access to all the books, and it was easy for him to manipulate the figures, which he did in a dozen ways. Russell, as treasurer, handled the reports and mail from the correspondents of the company. Sometimes he made false entries of the sale of bonds on which there was accrued interest. Sometimes he took cash from the safe, accounting for it by false entries on the cash books or by false drafts.

Lewis has been arrested at Laredo, Tex., and has wired President Lombard that he will return all money taken by him if prosecution is dropped.

TIEFEN, O., Sept. 13.—A coal of fire dropped from a tobacco pipe in the hands of an old hag in a Gypsy camp a few miles north of this city Sunday afternoon. It ignited a pile of straw on which an infant was sleeping, and the child was literally roasted alive. It was burned to such an extent that its hands dropped off and its entire body was cooked. It died a few hours later.

ADMIRAL WALKER'S ERRAND.

Great Britain May Not Have Her Way in Venezuela.

NEW YORK, Sept. 13.—A Washington dispatch to a Monday morning paper said:

The sealed instructions which were today delivered to Admiral Walker on board the Chicago entrusted him with a mission more important, it is believed, than any has been confided to any American naval officer in recent years.

The long conference which President Harrison held with Acting Secretary of State Adee, on his recent visit to Washington; his conference with Secretary of the Navy Tracy and Secretary Adee, before Admiral Walker's instructions were finally agreed upon; the carefully worded official statement given out that Admiral Walker was directed to pursue a vigorous course in dealing with the situation, especially in connection with foreign aggression, all take on now a new significance.

Admiral Walker's mission to La Guayra with his squadron will be, it is thought, to proffer the friendly intervention of the United States to Venezuelan authorities, whoever they may be by the time he arrives, for the purpose of preventing the final absorption of Venezuelan territory by Great Britain; and further, to secure the restoration of the statu quo as to boundaries, as it existed prior to 1857, and to obtain consent for the submission to arbitration of the question of title to the territory in dispute between the two governments.

The keynote of the whole expedition is to be found in a dispatch addressed to Mr. Blaine before his resignation by Mr. Paraza, the Venezuelan minister at Washington. Mr. Paraza, in behalf of the Venezuelan government, earnestly and almost pathetically begged the United States government to intervene to prevent the republic from final disruption, and to secure the submission to arbitration of the questions in dispute with Great Britain.

The British government, it is understood, demands that Venezuela relinquish her claim to all territory north of the "Schornburg line," which runs westward from Amacura on the Orinoco delta and that arbitration be limited to territory south of that line, on which Great Britain has already seriously encroached. The British now lay claim to almost the entire territory north of the Caroni and east of the Orinoco below the mouth of the Caroni. This includes, of course, the vast territory of Yuruarí, wherein are situated the rich and productive gold mines of Caratal and Cojoca.

Rates to Encumbrance.

WASHINGTON, Sept. 13.—General Rosecrans has information that all the railroad associations, with one exception, west and south of New England, beginning with Monday next, will sell tickets at reduced rates, mostly half fare, to the reunion of the Army of the Cumberland, which opens at Chattanooga Sept. 15. The Western Passenger association, whose lines lie west and north of Illinois, refused to join the combination. Veterans within the territory can obtain half fares to Chattanooga as soon as they reach Illinois.

Mail Facilities Improved.

WASHINGTON, Sept. 13.—Postmaster General Wamaker has issued his expected order deputizing the postmasters of free-delivery cities, towns and rural communities to put up letter-boxes, on request of citizens, for the collection and delivery of mail at house doors. The order, it is said, affects nearly 3,000,000 residents to which the free-delivery service is already extended, and it is regarded by postal experts as the most important departure in the free delivery of mails since the beginning of the system under Postmaster General Blair.

Result of Crossed Wires.

CHICAGO, Sept. 13.—The crossing of wires in the basement of the Postal Telegraph company's office in the Imperial building yesterday caused a fire which destroyed all the cables leading to the switchboard. Not a wire in the office was left in working condition, and the office was cut off from all communication with outside cities. A force of men was put to work and the wires were put in working order by night.

Long Looked-For Lockout.

PITTSBURG, Sept. 13.—The 6,000 coal miners in the lower pools of the Monongahela river passed their first day of idleness yesterday, and the eighty coal mines were closed. The strike, or lockout, the result of the operators refusing to continue the old rate of pay, promises to be a long and bitter fight, which will become more intense after the fall rise in the river will have conveyed the present stock to the lower markets.

Prisoners Discharged.

CHICAGO, Sept. 13.—Justice Blume yesterday discharged all the defendant jockeys, starters and employees who were arrested at Garfield park a week ago last Friday for violation of the amusement ordinance. He said it puzzled him to know why the police had failed to arrest the principals and owners of the track rather than the small fry, but he considered it his duty to discharge the prisoners.

White Cap Onrages.

ARLINGTON, Or., Sept. 13.—White Caps recently attempted to kill Herman Scheunert, a German rancher. Last night they burned two large barns belonging to James L. Kent, with whom Scheunert had been stopping since the attempt on his life was made. A lynching will be probable should the miscreants be discovered.

Reckless Given a Death Blow.

CANTON, O., Sept. 13.—During a row at a resort near town Sunday night John Zeigler was stabbed by an unknown man in the abdomen with a butcher knife, receiving a fearful wound, which is likely to prove fatal. William Platter and some others were quarreling when Zeigler interfered as a peacemaker. His assailant has not yet been arrested.

TWO HOTELS BURNED

One in Canada and the Other in California.

LIVES LOST IN BOTH FIRES.

Three People Burned to Death and Three Others Injured by Jumping from the Burning Building in Montreal—At the Other Fire but One Life Was Lost.

MONTREAL, Sept. 13.—At an early hour yesterday morning fire broke out in the Chamby hotel, situated on Jacques Cartier square. The boarders on the third floor were compelled to jump from the windows, and, in so doing, three of them—Maximo Fitchialat, aged thirty-five; Baptiste Charbonneau and Jules Connerly—sustained serious injuries.

When the fire was got under control, which was not until the whole building had been gutted, a search was made in the debris and the charred remains of two men were found. One of them was a sewing machine agent named Turquette, and another a stable man, whose name has not been ascertained.

A medical student, named Cidale, was discovered in one of the rooms and taken to a hospital, but he died on reaching there. The loss on the building and its contents is about \$10,000.

One in California.

TULARE, Cal., Sept. 13.—The Meehanics' hotel was destroyed by fire yesterday. Thomas Seegall, a colored lodger, perished in the flames.

IRON HALL REORGANIZATION.

Poor Prospects of Such a Result at the Indianapolis Meeting.

INDIANAPOLIS, Sept. 13.—Nearly 80 delegates from twenty states and representing a large number of branches of the Iron Hall assembled yesterday for the purpose of adopting a scheme for reorganizing the defunct order. The delegates represented over 40,000 members of the order and the morning session was stormy and acrimonious.

Long before the meeting it became apparent that there was no unity of purpose among the members, and it was openly charged that there were present a number of spies, who had come to thwart the object of the meeting. The selection of a temporary chairman brought on the first struggle, the candidates being James G. Young, of Kansas City, and V. C. Alderson, of Chicago. A number of the delegates took the ground that the credentials of the delegates should be submitted before a ballot was taken, but this was ruled out, and the election of a temporary chairman resulted in choosing Mr. Young.

During the balloting H. L. Jones, of Boston, created a sensation by declaring that the convention was packed with Somerby's agents, and as the temporary chairman had the appointment of the committee of credentials the choice of the right man was of the greatest importance. To this Young replied that anyone who intimated that he was a spy was a liar.

H. L. Jones, of Boston, again charged that the meeting had been packed with Somerby delegates, and that any action that would conflict with Somerby's Baltimore meeting would be fought. He named J. H. Morgan, who has been identified with many short term endowment orders, and Augustin Bedford, both of Boston, as Somerby spies, and charged that Bedford was in Somerby's employ. This speech resulted in a number of others of a similar character.

A committee on credentials was finally selected and the convention will today enter upon the real work of the session.

MURDERED BY A WOMAN.

A Shocking Affair in Michigan Which is Not Explained.

SAULT STE. MARIE, Mich., Sept. 13.—James Wice, a prominent young farmer of this county, was murdered Sunday night by a woman named Mrs. Dalton. There were no witnesses of the affair and it is impossible to learn the truth. The woman claims Wice chased her and she ran into her house, took her revolver and shot him dead.

Wice bore the best reputation and is well connected and the community does not believe the woman's story. The woman is old and demented. Neither she, her husband or son reported the matter to the police. People who saw Wice near where he was murdered say there were two men with him, but they have not been found. If the one who committed the deed had been a man a lynching would have surely followed as Wice had many friends.

Fell Through an Elevator Shaft.

PORTSMOUTH, O., Sept. 13.—Charles F. Russell, head of the Russell, Richardson & Titus shoe manufacturers, fell through an elevator shaft yesterday and was instantly killed. For some time Mr. Russell has been subject to dizzy spells. Yesterday noon he went to investigate the defects in the elevator in his building occupied by Meyers & Company. He had the elevator run up and down, stating he saw what was the matter, and almost immediately fell through the shaft breaking his neck and dying instantly.

A Dozen Miners Strike.

PARIS, Sept. 13.—At Lens, a mining town in Pas De Calais, 200 miners out of 457, employed at the Wignies pit, refused to descend as long as any Belgians were employed in the mine.

Fell Under a Train.

MUNCIE, Ind., Sept. 13.—William Keegan, an iron worker residing in Terre Haute, fell under a freight train in Muncie yesterday and was fatally injured.

DEMOCRATS should try and keep Governor
McKinley on the stump. Study the
returns from Vermont given elsewhere.

REPUBLICANS are attributing the recent
"slump" in their majority in Vermont to
the Australian ballot. They dread the
antics of the Kangaroo, but they should
bear in mind that this system will prevail
in most of all the States in November.

SPEAKING of Alabama, the Age Herald
of Birmingham says it is safe for the
Democrats. It says: "We may count
with reasonable certainty upon polling
140,000 white votes in the Presidential
election. At least 100,000 of them will
go into the box for Grover Cleveland."

LATER returns from the Vermont election
indicate that the decrease in the Re-
publican majority as compared with four
years ago is much greater than first re-
ported. If they can't hold their own
in such States as Vermont, they will
soon be inquiring: "Where are we at?"

HON. J. H. BRENT, of Paris, is a candi-
date for reelection as Judge of the Superior
Court, subject to the action of the Demo-
cratic party. He is filling the unexpired
term of the late Judge Young, and is
conceded one of the ablest members of
the bench. He will probably be given
the nomination by acclamation.

GOVERNOR McKINLEY, that great apos-
tle of protection, was sent up in Vermont
before the recent election to bolster up
the Republican cause, but it seems he did
his party more harm than good. He
commenced his speech-making tour at
Burlington. The result was that Bur-
lington, which usually goes Republican,
gave a Democratic majority of about three
hundred, while the Democrats made
gains at nearly every point where the
Governor spoke. Returns from all but
two towns in the State show that the Re-
publicans polled 38,646 votes and the
Democrats 19,115. Comparing these fig-
ures with the result in 1888 (the last
Presidential year,) and the Republicans
have lost 9,678 and the Democratic loss is
341—a net Republican loss of 9,337. This
is a bad showing for any party to make
in one of its strongholds, especially in a
Presidential year.

A Locomotive's Long Run.

A long run made by a Pennsylvania
locomotive is arousing considerable inter-
est, says an exchange. The company ran
a freight train from Chicago to Philadel-
phia with one engine. A distance of 824
miles was traversed, during which time
the locomotive was not once uncoupled
from the train. The total length of the
train was 1,602 feet, and it carried 2,640-
000 pounds of grain, an average of 66,000
pounds to each car. The locomotive and
cars were equipped throughout with
Westinghouse brakes. The locomotive
and tender weighed 188,500 pounds. The
forty thirty-foot box cars with loads
weighed 3,842,000 pounds and the caboose
18,000 pounds, the total weight of the
train being 4,030,500 pounds.

HARRISON SHOULD BE DEFEATED.

Colonel Nunez, a Life-long Repub-
lican, Gives Some Reasons
Why.

The following appeared in a recent
issue of the New York World. It speaks
for itself:

To the Editor of The World: I am a Republican
without any "ifs or ands," but I have no party
to support in the present national campaign. I
am one of the organizers of the party, and have
been on the stump for it in every Presidential
campaign since 1856. In the campaign of 1888 I
was invited to speak by the Republican National
Committee, and under its directions I did speak
from August 25 to November 5 in the States of New
York, New Jersey, Connecticut and New Hamp-
shire. I believed then that Benjamin Harrison
was an honest man and a good Republican; I am
sure now that he is neither, and that no self-re-
specting Republican can conscientiously vote for
his re-election.

Vital fundamental principles of integrity and
constitutional liberty are far above questions of
mere party policy, let them be never so impor-
tant or divergent. On those questions I am pre-
pared to maintain in debate:

First—That Benjamin Harrison is not a Repub-
lican and as a politician he is not an honest man.
Second—That in the Presidential office he is
both an unsafe and an incompetent incumbent.

Third—That he has been false to every party
pledge he has made since 1856.

Fourth—That he by corrupt instrumentalities
backed the Minneapolis Convention, and thus
became the nominee of his own tools and not of
the Republican party, which now is without
national representation.

Fifth—That the pure gold of the party must be
eliminated from the dross that defiles it by means
of fervent heat in the crucible of adversity, and
that present defeat, as it must be endured, is but
a proper rebuke to transparent hypocrisy and ill-
concealed usurpation. Such a rebuke means
the rehabilitation of recognized Republican prin-
ciples and of cherished constitutional liberty.

JOY FOR BALDHEADS.

An Invention That Promises to Make Life
Worth Living for Many.

The wind has long been tempered to
the shorn lamb, but the baldhead has
had to take the blasts as they came. No
special dispensations in the matter of
weather have been made on his account.
He has had to look out for himself, and
the fact that he survives so numerous is
perhaps better evidence of his hustling
ability than of his innate goodness. Why,
no one appears able to tell, but
certain it is that from time immemorial
there has been none to do the baldhead
reverence.

It will be remembered that when the
original baldhead was making his way
toward Bethel the children by the way-
side requested him to "go up." This
expression has no place in modern slang,
but compliance with the order doubtless
involved a journey to sections not down
on our list of desirable habitations. Be-
that as it may, the fact remains that the
caput destitute of hairy adornment has
all along been the butt for universal
ridicule.

But it is a long lane which has no
turning, and the baldhead's turn has
come at last. Some enterprising philan-
thropist has invented a polish for the
hairless crown which is warranted to
turn it into a thing of beauty and joy
forever. This blessing comes in the
shape of a polish, which is easily ap-
plied by a barber and imparts to the al-
ready shining crown a shine so brilliant
that it dazzles the eyes and so smooth
that upon it no fly can gain a foothold.

Those who have never experienced
the joys and sorrows of baldness may
not be able to appreciate the value of
this discovery. The value is there just
the same. With a little care the polish
can be made windtight and mosquito
proof, and the baldheaded man will no
longer fall an easy prey to the influenza
laden breezes, while he can lie down to
dreams unbroken by the assaults of
winged things. Surely the baldhead
millennium is at hand.

The direct moral influence of this dis-
covery cannot be overrated. With his
sparsely thatched crown protected from
the attacks of envious Cascas the bald-
head will recover from his tendency to-
ward the use of unauthorized expletives,
and he may even rise to the point of
taking a front seat in the sanctuary in
fly time. Relieved of the necessity for
turning his skull into a block upon
which to butcher the musca domestica,
etc., he will be able to turn his whole
thought to the sermon, thus setting a
worthy example to the congregation
while absorbing truths of which he has
long stood in need.

If there is justice in all things, the
man who makes two blades of grass
grow where one has grown before will
have to take a back seat when the in-
ventor of the polish for baldheads comes
in for his reward.

Verily, these be glorious times, and
the baldhead is one of the chief partici-
pators in them.—Troy Times.

Omitting a few Eskimo exceptions,
all other spear throwers appear to be
ambidexterous. The development of a
purely right handed implement points
to a southern origin for the original in-
ventor.

The gay feathers of the parrot are par-
ticularly valuable to many Indian tribes,
and some dances cannot be held without
them, though the Indians have to travel
hundreds of miles into Mexico to get
them.

W. J. Florence, the comedian, once
offered \$5,000 for a catch phrase about
which an American comedy could be
written. Nobody supplied the demand.

Winchester Rees returned from Cincinnati Sat-
urday evening, having sold seven hogheads of
tobacco, ranging from \$6.25 to \$10 per hundred.
It was three years old and of the nondescript or-
der, such as is now made up into the "Mail
Pouch" brand of smoking tobacco. Before leav-
ing home he disposed of a bunch of fat hogs at
\$4.50 per hundred and seven head of three year
old cattle, averaging 1,525 pounds, at \$4.25 per
hundred.

It was a genial September night. The moon
shone bright and smilingly upon the beautiful
ridge, lighting up the meadows, corn and tobacco
fields with indescribable splendor. Just such a
night as one would select for a lawn fete, and the
young folks enjoyed it to their heart's content at
"Rosa Dell." The young ladies who solicited
contributions and those who served the people
with delightful refreshments and the band that
furnished the music came in for hearty thanks.

A CARD FROM WM. LUTTRELL.

To Hon. Charles B. Foynt, Chairman Democratic
District Committee—Dear Sir: In conformity with
the established usages of political parties holding
different views, and in obedience to the demand
of public opinion to have discussed the merits of
our respective platforms, I therefore suggest a
joint discussion between Hon. R. H. Yantis, Peo-
ple's Party candidate for Congress, and Hon.
Thos. H. Paynter, Democratic candidate, to be
held at such time and place as may be hereafter
agreed upon by us. Should this challenge meet
the approval of your honorable committee, I will
confer with you at the Central Hotel, Maysville,
Ky., at any stated time you may suggest in the
near future to complete arrangements. Very
truly yours, WM. LUTTRELL,
Chairman People's Party District Committee,

A SLIM ATTENDANCE

At the Much-Advertised Republican County Convention Monday.

Williams For Sheriff, Cox For Circuit Clerk and Nicholson For Coroner.

The Republican county convention was held yesterday and was altogether lacking in "vim and vigor." It did not seem to be a "vim and vigor" crowd. The simple, unvarnished truth is it was a rather tame affair.

The attendance was rather slim, when the fact is taken into consideration that the meeting had been so much advertised. About thirty members of the G. O. P. were in the court room when the house was called to order. A dozen or so more filed in afterwards. The "unseasonable hour," 11:30 a. m., may have kept some away.

Captain Hutchins, Chairman of the Executive Committee, rapped for order at the hour named, and after a few remarks explanatory of the purpose of the meeting, and in reference to some of the contests of the past, he stated that the convention would proceed at once to a permanent organization.

When he called for nominations for Chairman no one seemed to be willing to take the initiative. Finally the name of Postmaster Davis was presented and he was unanimously elected. Brother Hickman, of the Public Ledger, was chosen Secretary.

The Chair having ruled that nominations for county officers were first in order, Captain Hutchins presented the name of 'Squire C. W. Williams, of Mayslick precinct, for Sheriff, accompanying the nomination with some eulogistic remarks about Mr. Williams. No other name was presented and the good 'Squire was nominated unanimously.

Captain Hutchins next placed in nomination Orlando Cox, of this city, for Circuit Clerk. He had a few words in eulogy of Mr. Cox also, and the nomination was made unanimous.

Captain Hutchins seemed to be running things, and on his motion C. H. Nicholson, of this city, was nominated for Coroner.

Mr. Hutchins next moved that all good Republicans of Mason County be appointed delegates to the Appellate and Congressional conventions at Ashland September 22nd. Wm. C. Shackelford offered as an amendment that the Chair appoint a committee of three to select the delegates. The amendment prevailed, and the Chair appointed Mr. Shackelford, Pat Sammons and W. D. Cochran on said committee.

While the committee was out Captain Hutchins offered the following resolutions, which were adopted:

Resolved, First, That the Republicans endorse the administration of President Benjamin Harrison.

Second, That the delegates selected to attend the Appellate convention to be held at Ashland, the 22nd instant are instructed to vote as a unit for the nomination of Hon. W. H. Holt as the Republican candidate for Judge of the Court of Appeals.

Third, This convention recognizing the pre-eminent ability, sterling integrity and legal attainments of the Hon. A. M. J. Cochran, instruct the delegates to the convention to be held for the purpose of nominating a candidate for Circuit Judge to vote for his nomination as the Republican candidate for that position.

The committee to select delegates to the Ashland conventions reported the following, and the report was adopted:

Maysville No. 1—A. M. J. Cochran, George Cox, Horatio Flecklin, M. C. Hutchins, Pat Sammons, Henry Ort, M. R. Gilmore, John Short, Wm. D. Cochran, Wm. A. Cole, John Day, Ben Huff, Della Danton, C. Gault, N. Cooper, H. C. Sharp, George Ort, C. C. Hopper, Geo. W. Childs, W. E. Stallcup, F. H. Bierbower, Dan Shafer, John T. Smith, Chas. E. Smith, George Strawder, Abo Whaley, Wm. Scott, Elias Marshall, Isaac McPeters, Jas. Armstrong.

Maysville No. 2—W. H. Cox, Jacob Wormald, W. H. Wadsworth, Jr., W. R. Davis, J. D. Dye, D. A. Emmelt, D. P. Ort, Wm. Pierce, Sam Hickman, T. A. Davis, Joshua Holliday, Allen Edmonds, W. C. Shackelford, C. D. Outten, Warren Lloyd, John Burns, Zack Beasley, Ed. Smith, Ed. Long, Lewis Boyd, Wm. Humphreys.

Dover—T. F. Moore, Henry Crawford, C. M. Devore, Ernest Dietrich. Germantown—A. Kelly, Henry Marshall. Minerva—John Gregson, August Miller. Fern Leaf—Hayes Thomas, Samuel Mastin, Jas. Holmes.

Washington—W. W. Gault, J. N. Kirk, Thomas Forman, John Kirk, Dr. Alex. Hunter, Lucien Matby, W. H. Hunter, Ross Gault, John Lane, Nat Langhorne, Jos. White, John Moore.

Murphysville—Geo. Galbraith, Tom Maher, Dr. Jas. Gault, Capt. Wells, Scott Stevenson, John E. Wells, J. R. Hunter, E. K. Gault, Morgan Davis. Surds—Geo. W. Dye, B. G. Grigsby, James H. Grigsby, Jr., James H. Grigsby, Sr., John T. Robb, P. P. Ray, L. A. Bratton, J. T. Suit, W. T. Grover, Allen Grover, Rev. G. N. Jolly.

Mayslick—Chas. Williams, B. F. Clift, Rich Hopper, Jonas Myall, Ben Myall, John Ward, Jack Story, Bill Marshall, Reuben Straus, George Belger, Dick Richards.

Lewisburg—Wm. T. Berry, Jas. Britton, Chas. Bollinger. Helena—T. F. Kiff, Jas. Griffey.

Orangeburg—C. C. Degman, Scott Fletcher, T. P. Degman, Robert Bullock, Perry Thomas. Chester—H. H. Collins, Geo. Clinger, Eugene Collins, Henry Waltz, Homer Frederick, James Limerick, Sam McKinnivan, John Contee, Wm. Young, Orlando Wilson, Sam Munday.

It was decided that the delegates to the

Ashland conventions should also represent the county in the district convention to nominate a candidate for Circuit Judge if any should be held.

Mr. D. P. Ort was elected Chairman of the Executive Committee in place of Captain Hutchins.

None of the nominees were present, and it is not known whether they intend to accept or not. 'Squire Williams informed the BULLETIN after the convention that he had a neighbor who is a candidate, (meaning Mr. J. C. Jefferson, Democratic nominee, probably), and that he intended to vote for him. It is also learned from other sources that Mr. Williams has expressed his intention to vote for Mr. Jefferson. Mr. Cox is the florist, son of Mr. H. H. Cox. He has never figured in politics at all. Mr. Nicholson is a well known carpenter of this city.

A MOVE is on foot to build a turnpike between Aberdeen and Manchester, the river route to be followed.

MR. ISAAC E. DOWNING, who has been sick for some months, is reported very low, with very little hope of recovery.

CHARLES A. GARDNER, the "sweet singer," can give a Tyrolean warbler cards and spades and beat him yodeling.

MR. JAMES H. HUMLONG, whose marriage was mentioned a few days ago, is assistant cashier of the Bank of Williams-town.

MR. JOHN B. FLEMING and Miss Maggie McCormick, both of this city, were married last evening at the home of the groom.

A MASTODON's head three feet long and weighing 255 pounds, with eye-sockets a foot in diameter, was grubbed up in Carroll County.

MR. WM. S. HARTLEY, of Mayslick, and Miss Maggie A. Boone, of Adams County, O., were married yesterday at the County Clerk's office by Judge Phister.

MR. JOHN B. HOLTON went to Missouri last week to settle up the business of his brother-in-law, the late Mr. E. Lloyd. He was joined at Indianapolis by John T. Dye, Esq., the attorney.

SPEAKING of the effort to put a stop to the no-license marriages at Aberdeen, the Courier-Journal remarks that it is not exactly clear why "the disreputable business should have been tolerated for 'Squire Beasley's benefit any more than for that of any other needy Magistrate."

CHARLES A. GARDNER in "Fatherland" has made a hit everywhere. His singing is specially commended by the press, and his company is said to be an efficient one throughout. Mr. Gardner is well named "the sweet singer," and his natural unforced comedy business will be refreshing.

CHRISTIAN BRUCE, an old farmer of Bracken County, was attacked by Charles Otte and John McElfresh, two drunken youngsters, and beaten in a terrible manner. His skull is fractured in two places and his nose was broken and almost beat off of his face. He is thought to be internally injured. Little hopes are entertained for his recovery. Bad blood had existed between the parties engaged.

Purely Personal.

Miss Mary Warner, of Washington, has gone on a visit to friends at Manchester, Ohio.

Mrs. G. W. Geisel is at New Harmony, O., visiting her father, Captain W. H. Holmes.

Miss Dugan, of Ohio, and Miss Boude, of Augusta, have returned to school at Millersburg.

Colonel R. G. Lynn is in town visiting relatives and shaking hands with his many friends.

Mr. O. L. Supplee and Mr. W. Sampson, of Ohio, were the guests of Mr. Wesley Order Sunday.

Miss Mayme Doyle and brother Willie, of Portsmouth, returned home last evening, after a visit of about three weeks to the Misses Kane, of Plum street.

Mr. Joseph Kenny, of the firm McNamara & Kenny, merchant tailors of Flemingsburg, returned home this afternoon after spending a few days here with his parents.

Canceled the Dates.

"A Wild Goose Chase" was booked some time ago for a two-nights' engagement at Washington Opera House—September 16th and 17th—but the lessees and managers of the house, Messrs. Edmiston & Kinneman, have canceled the engagement. While the play is a fair one of its kind, it is not such as Edmiston & Kinneman want to bring to this city.

GEO. W. SULSER, law, fire insurance.

CHARLES A. GARDNER, the sweet singer, in the part of Herman Leopold, a Tyrolean peasant, portrays an admirable character.

MR. JOHN ROUREKE, of the Washington neighborhood, who was so seriously sick for some weeks, has about recovered his usual health.

THE State Senate passed the Stephenson bill Monday, postponing assessments until November 15th. It had previously been passed by the House.

THE tiger that attacked and fatally wounded its keeper here last week was still alive Saturday, when the show was at Lexington. It was shot three times in the neck and once through the left lung.

THERE is no place outside of the big cities where you can find a more elegant line of jewelry to select from than at Ballenger's. Sparkling jewels, and novelties of every description; go to him. Repairing done promptly and by skilled workmen.

THE young men of Washington gave a very delightful entertainment last Friday night in honor of Miss Julia Goodman, of Millersburg, who has been visiting there for some weeks. It was a very nice occasion, and enjoyed by all who attended. Miss Goodman returned home Monday.

PHILIP HINTON, who left Maysville, nineteen years ago, spent a few days here recently while en route to his home at San Francisco, after a visit to his mother at Patterson, N. J. Since he left Maysville, he has traveled a good deal on Pacific ocean steamers, and has spent some time in the Sandwich Islands.

THOMAS B. DEWHURST, of the Lexington Wheel Club, with 11 minutes start, won the Lexington-Paris bicycle road race in 52:27; Thomas Jeffries, of Louisville, making the best time, 47:48. Max Wilson making second best time, 50:11. Jeffries was scratched and Wilson given three minutes the start, the distance being sixteen miles.

THE announcements of Mr. E. E. Pearce, Jr., as a candidate for Mayor, Captain Hefflin, for Marshal, and Mr. C. D. Shepard for Assessor at the ensuing city election appear elsewhere in this issue. Mr. Pearce and Captain Hefflin are the present incumbents of the offices they seek, and Mr. Shepard has served as Assessor in past years. All have proved faithful and efficient officials.

IN his forecasts for September, Professor Hicks, the weather prophet, says: "If heavy storms, with much thunder and lightning, occur about the danger days, 9th, 10th and 11th, the temperature is almost sure to fall immediately after, almost to the frost or freezing point in northern sections. We incline to the prolonged hot and dry view of the case, running forward, perhaps, through the reactionary period, central on the 13th and 14th, and ending about the time of the sun's passing our equator, in many earthquake shocks and celestial and magnetic displays. At the same time, it will be wise to watch for heavy storms, and in the event of their appearance, to make all possible provisions against low temperature and frost to the northward."

County Court.

The last will of Richard Russell was admitted to record.

J. S. Ashbury was appointed administrator of Fleming Williams, and qualified with Eli Williams as surety. Appraisers: P. B. Owens, Harry Burgoyne and James Scott.

Thomas M. Fry was appointed administrator of Patty Fouts, and qualified. J. W. Alexander, J. C. Jefferson and Ed. McDonald were appointed appraisers.

Con. Guilfoyle was granted license to retail spirituous, vinous and malt liquors at Mayslick.

An inventory and appraisal of the personal estate of George Campbell, deceased, and a sale bill of said estate were filed and ordered recorded. The appraisal amounted to \$441.85.

An inventory and appraisal of the personal estate of P. A. Foutz was filed and ordered recorded. The appraisal amounted to \$900.

The last will of Jefferson Summers was admitted to record. Jane Summers qualified as executrix.

An inventory of the personal estate of Catharine Merrill, deceased, was filed and ordered recorded.

A motion was filed to set aside the judgment granting Mrs. Margaret Eitel license to retail malt liquors at Moransburg. The license was granted by 'Squire Grant, Saturday, as special Judge, and the parties protesting against it claim that 'Squire Pepper lives nearest the court house and should have been called in to try the application. They also claim there was some defect in the notice. The motion to set aside the judgment is still pending.

South Methodist Conference Notes.

The report of the Board of Foreign Missions shows nineteen missionary societies, 500 mission fields and 20,000 stations, with an outlay of \$11,250,000. The number of Christians now worshipping in heathen lands is 3,000,000. The M. E. Church, South, has a conference in China, Japan and Brazil, while the Bible has been sent to nine-tenths of the human race. A sufficient sum of money was raised to liquidate the debt against the Middlesborough church, and it was dedicated Sunday.

The present is the seventy-second session of the Kentucky conference of the M. E. Church, South. The attendance is large, and with a vigorous tinge of the old Methodist heartiness and enthusiasm. Middlesborough is giving elegant and ample entertainment.

The Ladies.

The pleasant effect and perfect safety with which ladies may use the California liquid laxative Syrup of Figs, under all conditions, make it their favorite remedy. To get the true and genuine article, look for the name of the California Fig Syrup Co., printed near the bottom of the package.

New Pastor for M. E. Church, South.

Rev. C. J. Nugent, of Carrollton, is the new pastor of the M. E. Church, South of this city. Rev. J. E. Wright goes to Nicholasville.

Maysville gets the conference next year. A list of the appointments will be given to-morrow.

Challenge Accepted.

The Maysvilles accept the challenge of the Aberdeens Browns and will play them a game of ball on the date named, on the Maysville fair grounds for a purse of \$100, or will play for a purse of \$200 on the Cynthia grounds.

BESIDES the sweet singing of Charles A. Gardner himself, "Fatherland" abounds in catchy music and hearty whole-souled choruses.

CHARLES A. GARDNER, the sweet singer, comes next, in this romantic and picturesque comedy of "Fatherland." Gardner is, if we may accept the views of all our exchanges, a man with a sweet, mellow voice, graceful in manner, and an original interpreter of German domestic characters.

Some improvements have been completed at the opera house that will be greatly appreciated by theater-goers. The lessees and managers, Messrs. Edmiston & Kinneman, have had the stairways from the box office up covered with matting—those leading to the balcony being padded. In addition to this, handsome Brussels carpet now covers the aisles of the main room. Tramping in and out during performances will not be such a nuisance hereafter. Messrs. Edmiston & Kinneman are leaving nothing undone that will add to the comfort and enjoyment of their patrons.

Daniel Smith, brakeman, of Clinton, Ills., slightly injured.

Wortzbaugh, of New Holland, Ills., badly scalped.

A piece of defective grade exists on the west side of Kickapoo creek approaching the bridge, which spans a chasm fifteen feet deep. The train was a long one and passed over the dangerous spot safely, until two cars and the caboose jumped the track and fell into the creek. The momentum was so great that the cars were jammed together into a shapeless mass, while a wall ascended from a dozen passengers for assistance.

The engineer discovered the trouble and backed down to the wreck, and assisted by farmers, riding on the forward part of the train, rescued the injured.

The cause of the wreck was a washout which was recently filled with loose dirt. The rains of the past two days settled the filling, the track sank and an upturned rail near the bridge struck one of the car trucks.

PASSENGER TRAIN WRECKED.

Twenty-Five Passengers but None Were Killed.

CARLISLE, Pa., Sept. 13.—A serious railroad accident occurred on the Cumberland Valley railroad yesterday morning at Middlesex station, three miles east of this city, about 7:30 o'clock. Passenger train No. 12 going east which leaves this city at 7:20 was running rapidly, and when in the vicinity of the station an axle on the tender of the engine broke.

The entire train of three coaches was wrecked. The cars were thrown upside down into adjoining fields. There were twenty-five passengers but none were killed.

The injured are: Harry Bottgenbach, printer, of Carlisle, slightly injured on right leg and shoulders dislocated.

Miss M. A. Hooven Miller, of Carlisle, wrist broken and bruised.

John McChurk, stone mason, of Chambersburg, employee of the company, injured on head and internally.

Miss Cooper, of Carlisle, internally injured and shoulder dislocated.

Several unknown persons were slightly hurt.

Engineer William Stoner, of Chambersburg, and the entire crew escaped injury. The track was blocked with debris, and passengers in both directions were transferred at the scene of the wreck. The loss will be heavy.

STRIKERS JUBILANT.

Some of Carnegie's New Men Come Out and Join the Strikers.

PITTSBURGH, Sept. 13.—Yesterday morning, three heaters, three rollers, two heaters' helpers, two chargers and four pilers, employed at Carnegie's Thirty-third street Union mill, came out and joined the ranks of the strikers, who were gathered near by anticipating the desertions.

A number of men who had recently deserted the strikers and had returned to work, failed to put in an appearance at the mill yesterday morning. The strikers are again very jubilant and declare that victory grows more certain with every hour.

Clarissa Caldwell Lathrop Dead.

SARATOGA, N. Y., Sept. 13.—Miss Clarissa Caldwell Lathrop, of New York, founder and national organizer of the Lunacy Law Reform league, died here Sunday. She was a daughter of General William E. Lathrop, of Rochester, and some years ago was imprisoned in a lunatic asylum until after many efforts she managed to have a writ of habeas corpus issued and was adjudged entirely sane. She has since devoted herself to rescuing other sane prisoners and has been successful. The remains were taken to Rochester for burial in charge of a committee of the Lunacy Reform league.

Unknown Man Killed.

LOGANSPORT, Ind., Sept. 13.—An unknown man walked directly into a Panhandle train, westbound, yesterday afternoon as it was approaching Lincoln at the rate of forty miles per hour. He was instantly killed, every limb being broken and his body hurled several rods. The coroner has not discovered the slightest clue leading to the dead man's identity.

Lake Steamer Ashore.

CLEVELAND, Sept. 13.—Telegrams to the owners state that the steamer Neeshoto, coal laden and bound for Duluth, went ashore Saturday morning between Eagle Harbor and Keweenaw Point, Lake Superior. The vessel is valued at \$150,000, and it is feared that unless the weather is very favorable she will be a total loss.

THE MARKETS.

LOUISVILLE TOBACCO MARKET.

Furnished by Glover & Durrett, proprietors Louisville Tobacco Warehouse. Sales on our market for the week just closed amount to 3,067 hds., with receipts for the same period of 1,842 hds. Sales on our market since January 1st amount to 123,923 hds. Sales of the crop of 1891 on our market to this date amount to 108,011 hds.

We have had an exceedingly strong and active market this week for all grades of burley tobacco, although we have had very large offerings. The extra fine grades remain firm at the ruling prices of several weeks past, and the colony low grades have shown some improvement, while the medium leaf and good red fillers are selling better than at any time for months past.

The following quotations fairly represent our market for new burley tobacco, crop of 1891:
